**ABERDEEN METROPOLITAN DISTRICT NO. 1  
2024 BUDGET  
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

**Services Provided**

The District was organized on November 21, 2003, to provide for the financing, acquisition, and construction of streets and safety controls, street lighting, landscaping, storm drainage, water, sewer, television relay, park and recreation, transportation, and mosquito control facilities. The District's service area is located in Adams County, Colorado entirely within the City of Commerce City and is planned for retail and commercial development.

The District has no employees, and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

The budget is in accordance with the TABOR amendment limitation, which was modified by the voters in an election held on November 4, 2003, and again on November 7, 2006. Emergency reserves, required under TABOR, have been provided.

**Revenues**

**Property Taxes**

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

**ABERDEEN METROPOLITAN DISTRICT NO. 1  
2024 BUDGET  
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

**Revenues - (Continued)**

**Property Taxes – (continued)**

For property tax collection year 2024, SB22-238 and SB23B-001 set the assessment rates and actual value reductions as follows:

<b>Category</b>	<b>Rate</b>		<b>Category</b>	<b>Rate</b>	<b>Actual Value Reduction</b>	<b>Amount</b>
Single-Family Residential	6.70%		Agricultural Land	26.40%	Single-Family Residential	\$55,000
Multi-Family Residential	6.70%		Renewable Energy Land	26.40%	Multi-Family Residential	\$55,000
Commercial	27.90%		Vacant Land	27.90%	Commercial	\$30,000
Industrial	27.90%		Personal Property	27.90%	Industrial	\$30,000
Lodging	27.90%		State Assessed	27.90%	Lodging	\$30,000
			Oil & Gas Production	87.50%		

**Specific Ownership Taxes**

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 7.00% of the property taxes collected.

**Net Investment Income**

Interest earned on the District's available funds has been estimated based on an average interest rate of approximately 4%.

**Facilities Fees**

Facility fees are charged against properties within the District. The facility fee is due at the time of issuance of a building permit. The District records the facilities fees as revenue when received. The following fees are imposed:

**Property Type**

**Facility Fees**

Nonresidential (industrial)	\$2,000 per water EQR
Nonresidential (commercial)	\$0.50 per square foot building construction
Residential (single family)	\$2,000 per dwelling unit
Residential (multi-family)	\$1,000 per dwelling unit

No facility fees are budgeted for 2024.

**ABERDEEN METROPOLITAN DISTRICT NO. 1  
2024 BUDGET  
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

**Expenditures**

**Administrative Expenses**

Administrative expenditures have been budgeted based on estimates of the District's Board of Directors and consultants and include the services necessary to maintain the District's administrative viability such as legal, accounting, managerial, general engineering, insurance, meeting expense, and other administrative expenses.

**County Treasurer's Fees**

County Treasurer's fees have been computed at 1.50% of property tax collections.

**Payment to Commerce City GID**

On June 10, 2008, the District entered into a reimbursement agreement with the Commerce City Northern Infrastructure General Improvement District (the GID). Pursuant to the reimbursement agreement the District agreed to finance a portion of the construction of 104th Avenue improvements (the Project). The GID agreed to advance and pay the entire Project cost, and the District agreed to reimburse the GID for its share of the Project cost upon completion. During 2016 the District's share of those costs was determined to be \$1,170,786. The reimbursement agreement is not a multiple fiscal year obligation and is subject to annual budget and appropriations of the District. In the event the District fails to appropriate sufficient funds in any given year to pay the annual reimbursement obligation, it may seek approval from the GID for consent to approve a deferral of that year's payment obligation. On December 7, 2015, the reimbursement agreement was amended. Under the amended agreement, the District agreed to levy 3.000 mills annually commencing in 2016 and remit the gross amount collected to the GID by December 1 as payment toward the amount owed. Commencing January 1, 2018, interest shall accrue on the outstanding amount at the rate of 5.5% per annum. Beginning in 2018, the District increased its annual reimbursement payments to the GID to 6.000 mills.

**Debt Service**

Principal and interest payments are provided based on the debt amortization schedule from the Series 2005 General Obligation Bonds and the Series 2006 Subordinate General Obligation Bonds and are detailed on the Debt Service Fund page of the budget, as well in supplemental schedules.

Currently, pledged revenue of the District is not sufficient to pay when due the debt service requirements with respect to the Bonds. For so long as the District levies the Maximum Required Mill Levy, the inability of the District to pay the debt service requirements with respect to the Bonds when they come due does not constitute an event of default. To the extent principal of any Bond is not paid when due, such principal will remain outstanding until paid, and to the extent interest on any Bond is not paid when due, such interest will compound semiannually on each interest payment date at the interest rate borne by such Bond.

**ABERDEEN METROPOLITAN DISTRICT NO. 1**  
**2024 BUDGET**  
**SUMMARY OF SIGNIFICANT ASSUMPTIONS**

**Debt and Leases**

The District issued **Series 2005 Bonds** on December 16, 2005, in the amount of \$3,915,000. The proceeds of such debt were used for issuance costs, capitalized interest, and to fund the cost of eligible public infrastructure improvements or to reimburse the Developer for the advancement of those funds, to the extent possible.

The bonds bear interest at a rate of 7.50%. The bond interest is payable semi-annually on June 1 and December 1, with annual mandatory sinking fund principal payments on December 1 of each year beginning on December 1, 2014, for the Series 2005 Bonds. The Series 2005 Bonds interest repayments begin on June 1, 2006, with principal payable per the mandatory sinking fund payment schedule over 30 years with a final maturity on December 1, 2035.

The District issued **Series 2006 Bonds** on December 28, 2006, in the initial principal amount of \$2,569,366. The proceeds from the sale of the Bonds were used for the purposes of: (i) paying a portion of the costs of capital infrastructure improvements or reimbursing the Developer for the advancement of those costs, to the extent of available proceeds; and (ii) paying costs of issuance of the Bonds.

The Bonds were issued as accretion bonds, convertible to current interest bonds on December 15, 2012. Interest on the bonds accrues from their date of issuance and compounds on December 15, 2007, and on each December 15 thereafter - to and including December 15, 2012. Such compounded interest constitutes accreted interest and bears additional interest at the interest rate borne by the Bonds. The Bonds are assumed to accrete, compound and bear interest at a rate of 7.50%. Upon conversion to current interest bonds on December 15, 2012, bond interest is payable annually on December 15, commencing on December 15, 2013. The Bonds can be called on December 15, 2012. Annual principal payments are due on December 15 of each year, with a final maturity on December 15, 2036.

The Series 2005 Bonds and the Series 2006 Bonds are secured by and payable solely from Pledged Revenue, which includes property taxes derived from the Required Mill Levy net of the cost of collection, specific ownership taxes allocable to the Required Mill Levy, Facilities Fees and any other legally available moneys of the District credited to the Bond Fund. The Required Mill Levy is defined in the Series 2005 Bond Resolution as a mill levy imposed upon all taxable property in the District each year in an amount sufficient to pay the principal of and interest on the Series 2005 Bonds but not in excess of 50 mills, and for so long as the Surplus Fund is less than the Maximum Surplus Amount, not less than 30 mills, as adjusted for changes in the method of calculating assessed valuation after the date of approval of the Service Plan. The maximum required mill levy is not adjustable. The minimum mill levy as currently adjusted is 30 mills. The Series 2005 Bond Resolution does not allow the maximum mill levy to be adjusted for changes in the method of calculating assessed valuation and is capped at 50 mills. Once the Debt to Assessed Ratio on total debt issued is 50% or less, the mill levy may be imposed in an amount sufficient to pay debt service on the Series 2005 and the Series 2006 Bonds without limitation of rate.

A Surplus Fund was established as additional security for the Series 2005 Bonds and will be used to fund any deficiencies in the amounts required to pay bond principal and interest when due. The Surplus Fund will be funded up to a maximum amount of \$400,000, solely from available Pledged Revenue that is not required to pay the principal or interest on the bonds. The surplus fund will be maintained until the Debt to Assessed Ratio is 50% or less, after which any balances remaining in the surplus fund will be transferred to the District for application to any lawful purpose.
